

The Way of Our World

IN THE DAY'S NEWS—

The writer of England's national anthem, "God Save the King" is known.

Babblers saved their way through two walls to rob a safe in a United City Store in Philadelphia.

A 1-year-old girl was killed in a car accident attempt to save her small brother from being hit by a car.

Pro Cosima Wagner, 91-year-old, has become completely blind.

New York police are enforcing a law that night clubs in New York must close at 3 o'clock in the morning.

Dr. L. Normet, French biologist, has discovered a serum which the chicken will serve as a substitute for blood.

An average age of air-mail pilots is 30 years, according to a survey of the American Air Transport Association.

A 2-year-old girl prodigy plays a violin and can recognize fifty symphonies and concertos by name and number.

Two new counterfeit \$20 notes have been discovered in circulation by agents of the United States Secret Service.

"The Old Soak" pet parrot of Henry L. Stimson during his stay in the Philippines, is being sent to him from Manila.

Gov. Roosevelt of New York has signed a bill appropriating \$4000 to preserve the house where Yankee Doodle was written.

Australia prefers American made cars, the third best customer for passenger cars and first best for trucks.

Herman Krieger of San Francisco pleaded with a hold-up man not to take all his money as he had butts to pay, so they split it.

An iron worker in Vienna stabbed a sweetheart six times and then used five methods of killing himself but none was effective.

A new world's record was claimed for a German airplane which reached an altitude of 15,000 feet with a load of 13,750 lbs.

At 3 o'clock Monday morning, daylight saving time officially began in Great Britain, northern Ireland, France, Belgium and Holland.

A New York taxi driver who hit a boy, 7, said he would drive him to a hospital, then gave him a dime and drove him out of the car.

E. T. Weil, golf enthusiast, has created a fund for the education of caddies. Only caddies are eligible for the scholarship offered.

Mrs. Bayes, actress, who died about a year ago, willed her three adopted children her entire estate, but the children exceeded the assets by \$4000.

The prize for pets to match appeared in London has resulted in a dog fancier's store where dogs are bred to match the particular color scheme.

A statement of the Ford Motor Company shows a loss last year of \$72,000,000 on account of retreating the various Ford plants for new models.

Princess Elizabeth of England, although only 3 years old, is a fashion leader; her mother is dressing her in yellow, instead of white, blue or pink.

Trying to recapture a canary which had flown out a window, a dancer told four stories when the fire escape on which she was standing collapsed.

Two grandfathers, Capt. N. E. Cook and W. G. Babbitt, fought through the final round of this year's Cook-Thomas doubles competition of the Manila Tennis Club.

Among the breakfast dishes listed by the Romans in the time of Commodus was: A dish of marrow bones, a dozen larks on a dish, a hairy tongue, a dish of fowl, a silver grill with hot sausage, and peahen's eggs.

Mr. Jolly: "I think that doctor's treatment is doing you lots of good. You are looking much better today."

Miss Bell: "Oh, I always look much better in this hat."

COMMENTS ON LIFE—

The nakedness of the indigent would be clothed from the trimmings of the vain—Oliver Goldsmith.

Do not not but angling will prove to be as pleasant, that it will prove to be, like virtue, a reward to itself.—Isaac Walton.

—AND SOME VERSE—

The first good level is Right Doctrine. Wait.

In fear of Karma, shunning all offense;

In heed of Karma, which doth make man's fate;

In lordship over sense.

The second is Right Purpose. Have good will.

To all that lives, letting unkindness die.

And greed and wrath; so that your lives be made.

Like soft airs passing by.

The third is Right Discourse. Govern the lips.

As they were palace-doors, the King within;

Tranquil and fair and courteous be all words.

Which from that presence win.

The fourth is Right Behavior. Let each act.

As a fault or help a merit grow;

Like threads of silver seen through Lull crystal beads.

Let love through good deeds show.

Four higher roadways be. Only those feet tread

Which have been done with earthly things.

Purity, Right Thought, Right Action, Right Rapture.

—Lord Buddha.

MANAGER PLAN APPROVED BY M. U. STUDENTS

Blanket Activity Tax Passes by a 873 to 218 Vote

COUNCILMAN ADMITTED

Bob Mehrle Is Elected Most Popular Tiger Athlete

Robert Mehrle was elected the most popular athlete in the University this year by the vote of the student body last Friday in the election of the football team captain-elect of the football team for next year was second in the choice of the students, and Marshall Craig captain-elect of the basketball team was third.

The three measures also voted upon in the election Friday passed by large majorities. They were the student athletic manager plan 1186 to 57, the blanket athletic tax payable with the hospital and incidental fees during the registration for each semester at an amount not to exceed \$1.00, 813 to 218; and the measure regarding the election of a councilman from the Student Body to sit on the Student Athletic Board.

Many who voted in the presidential election did not vote in any or part of the measures. They were counted last night by the Student Athletic Board, a committee composed of Lawrence Brill, Robert Boucher and Lester Bauer. In the presidential election more than 2,500 votes were cast.

In the selection of the most popular athlete there was no contest. The student body voted overwhelmingly in favor of the athletes eligible for the student vote. The result was that a good portion of the Varsity athletes in the three major sports shared in the vote.

The results of the two athletic proposals will be turned over to the athletic department and the M. U. Club for use in furthering their adoption. The plans will be presented to the Board of Curators. The vote of the student body is expected to have considerable weight in bringing about a final approval.

BLIZZARD CAUSES HEAVY DAMAGES

Cheyenne Storm Is One of Severest Region Has Experienced

DENVER, April 25 (U.P.)—The terrific blizzard that struck Cheyenne, Wyo., and territory near that city yesterday was one of the severest ever experienced in the region, railroad passengers arriving here today said. Three feet of snow stood on Cheyenne streets last night and in roadways near by snow drifts piled up, at some points to a height of ten feet.

Damage to equipment of telephone and telegraph companies alone in Wyoming and northeastern Colorado was estimated at \$100,000.

Electric lights were turned off in Cheyenne last night because of the fear that the lives of citizens might be jeopardized by fire.

95 AT ADVERTISING DINNER

Douglas Martin and Frank W. Rucker the Speakers

Ninety-five persons attended the first annual advertising banquet given last night for advertising students in the School of Journalism of the University, in the Daniel Boone Tavern. The banquet was sponsored by Alpha Delta Sigma.

The principal speakers for the banquet were Douglas Martin, of the St. Louis Globe-Democrat, and Frank W. Rucker of the Independence Examiner. Martin spoke on the "Failures and Rewards" of advertising. Rucker took as the subject of his talk "P's and Q's of Advertising."

The master was Roy L. Ingwell. The banquet consisted of eight courses. The arrangement of the tables was in imitation of a layout. The hall was decorated with advertising literature from the different well-known advertisers and souvenirs were presented to each guest.

RAILROAD BUYS AIRPLANE

Missouri Pacific Provides Faster Travel for Officials

L. W. Baldwin, president of the Missouri Pacific Railroad, has announced that the company has purchased an airplane for use of the officials for business trips and for research work. The municipal airport in St. Louis will be the home port of the plane.

"There is no question of the growing importance of air transportation," said Baldwin, "and the Missouri Pacific expects to keep abreast of developments and prepare to meet the situations of the future with the knowledge that can be obtained."

MOTHERS TO BE GIVEN TRIP

Congress to Finance Pilgrimage to St. Germain, France

The Columbia War Mothers organization is investigating to learn whether or not there are any Gold Star Mothers in Boone County eligible for the pilgrimage to Europe next year; it was announced yesterday by Mrs. G. W. Lawhorn, vice-president of the organization.

Congress recently provided for trips to France for those war mothers whose sons are buried abroad, providing the mothers have not at any time visited their sons' graves since the war.

The Weather

For Columbia and vicinity: Mostly fair tonight and Friday; cooler to night; probably light frost in low and exposed places; slightly warmer Friday afternoon.

For Missouri: Mostly fair tonight and Friday; cooler tonight, possibly local light frost west and north portions.

Weather conditions: Stormy weather has prevailed the last 24 hours over most of the country from the Rockies east almost to the Atlantic seaboard. The controlling feature is a marked low pressure, centered yesterday morning in Nebraska and this morning in Illinois. Thunderstorms, heavy rains and strong shifting winds occurred over much of the middle and lower plains, and central valleys. Excessive amounts have fallen in Mississippi to Georgia in Missouri, Illinois, and Michigan. Clear and rather cold weather is following. Fair skies in Missouri by tonight or Friday.

The highest temperature recorded in Columbia yesterday was 66 and the lowest last night was 48.

6000 TO BE HERE DURING COMING WEEK'S MEETS

Delegates to Agriculture Conference Are Due Monday

TRACK FINALS SATURDAY

Two Games Between K. U. and Tigers in Addition to Program

When the Missouri Interscholastic Meet opens next week, Columbia will be host to more than 6000 persons, according to the present indications. Delegates will begin to arrive here Monday for the vocational agricultural conference which opens the week's program.

In addition to the track, field and athletic events on the interscholastic program, there are two baseball games scheduled for next week. The Missouri Tigers will meet the University of Kansas Jayhawks on Wednesday and Thursday. The Farmers' Fair on Friday also is an added attraction for Interscholastic Week visitors.

Preliminaries for the track meet will be held Saturday morning and completed by noon. The finals will be held in the afternoon and will be completed by 4 o'clock, at which time the University track squad will meet the Iowa State track squad in Rolling Field.

All high schools in the state have been invited to send in records of their baseball clubs to the athletic department here, where four leading teams representing four sections of the state will be selected to take part in a high school baseball tournament. The tournament is scheduled to begin Friday afternoon with the preliminary games which will be seven in number. The final games will be played Saturday morning.

Entries for the meet are pouring in at the athletic department. C. L. Brewer, director, said today: "Springfield is entering 300 persons in events and over 500 persons will come here from Springfield. Officials of the Wabash Railroad here expect about 100 persons to come from that city."

Special trains will be used and the delegations will use the pullmans for sleeping quarters while in Columbia.

JUDGMENT OF \$50 TO BRUCE PIPER

Suit Against Missouri Transit Co. Settled by Agreement

Bruce B. Piper was awarded \$50 in his suit for damages against the Missouri Transit Company in the Boone County Circuit Court this morning. The judgment was made by agreement between the parties.

The defendant acknowledged satisfaction in open court. Damages were claimed for injury to the plaintiff's car in an accident at Park and Ninth streets here last October.

All but one of the state's witnesses were heard this morning in the trial of Willie ("Son") Smith. Smith is charged with burglary and larceny. He is supposed to have been implicated with the robbery of the Waller Clothing Company store in Centralia, Mo., on the night of Jan. 3.

Some clothes identified by employees of the store are supposed to have been found in the possession of Smith. The goods lost from the store were worth about \$116.

A motion to strike out the amended petition submitted in the case of John C. Sybert vs. Helen Guthrie Miller, a suit of contract, was sustained by Judge I. A. Collier on the ground that the stand taken in the amended petition differed materially from that taken in the written contract in the first petition.

DEMOCRATIC REALIGNMENT IS EXPECTED

Survivors of Wilson Group May Again Control Party

SMITH'S LOSS IS COSTLY

Eliminates Former Governor as Presidential Timber, Is Belief

WASHINGTON, April 25 (U.P.)—Realignment of control over the Democratic party's national affairs appeared likely to many politicians here as a result of Tammany's rejection of Alfred E. Smith's leadership and the election of his bitter enemy, John F. Curry, as leader of the hall.

Belief here is that the Smith-Raskob control established in the last campaign will be supplanted by the return of survivors of the old Woodrow Wilson group, chiefly southern leaders who resented Smith-Tammany leadership.

Leadership of national party affairs is expected here to lie for the new few years largely in the hands of such men as Senator Joseph T. Robinson of Arkansas, Senators Glass and Swanson of Virginia, Senator Simmons of North Carolina, Representative Cordell Hull of Tennessee, Maj. John S. Cohen of Atlanta, Senator John H. Bankhead of Alabama, and Representative Jack Garner of Texas, most of whom were intimately associated with Woodrow Wilson.

Former Gov. Smith's loss of prestige in New York State politics is regarded here as definitely eliminating him as a future presidential possibility. His influence in national party affairs is expected to be slight in the future. Such influence as New York exerts in Democratic national affairs hereafter will be from the organization in control of Tammany, as it is upon this organization the party must depend to carry New York State.

The Democratic party is now concerned with establishing a record for the congressional elections next year. This of necessity throws the direction of that work upon party leaders here in Congress.

The party still has a deficit of more than a million dollars left over from the campaign and it is expected that Raskob will stay on as national chairman until 1932 and endeavor to wipe out as much of this as possible.

CLEAN-UP WEEK WORK CONTINUES

Hauling of Rubbish May Be Finished by Noon Tomorrow

Work of hauling rubbish as a part of Clean-up Week began again this morning with muddy streets slowing up the process.

The south side of town, work on which was started at the east end yesterday morning, had been completed by the city cemetery by noon today, with the exception of a few short streets. Tom Kennedy, supervisor of the work, made no estimate of the amount of work done this morning, but he said a total of 159 loads had been hauled up till last night. Most of this was done on Tuesday, the opening day of the campaign.

Very little work was done yesterday. The trucks were forced to lay off work yesterday afternoon and most of the morning because of the rain. Some of the streets are quite muddy today.

Since the loads are not very heavy, the trucks are able to go through. The road to the dumping grounds is the greatest hindrance to rapid progress. A team of horses is kept at this place to pull the trucks out in case they slide into the ditch.

Kennedy said he expected to lay off his force of haulers tonight and gather the few scattered piles with the city trucks tomorrow morning. He expects to finish the entire town by noon tomorrow, unless rain sets in again.

CLASS OFFICERS ELECTED

Winifred Hadley Leads Senior Women After Close Race

In an election of women class officers, held Tuesday afternoon at a regular meeting of W. S. G. A. Council of the University, the race was so close in the senior class that a recount of votes was necessary.

Winifred Hadley, Kansas City, was elected president. Margaret Louise Ott, Independence, was her opponent. Catherine Montgomery, Topeka, Kan., was unopposed for vice-president, as was Florence Briggs, New London, for the office of secretary.

James Cropper won the position of council representative over Eleanor Niehus of El Dorado, Ark. Jean Stuerke, Sweet Springs, was elected president of junior women. Emma Purcell, Hixsonville, was elected vice-president, and Dorothy Viner, Tulsa, Okla., was chosen council representative.

Sophomore officers are: Dorothy Andrus, St. Louis, president; Julia Davis, president; Evelyn Henning, Jefferson City, secretary; treasurer, Jane Cropper, New London, and Elizabeth Trimble, Springfield, council representative.

Would Limit Planes

GENEVA, April 25 (U.P.)—Clauses limiting aerial armaments were adopted today by the Preparatory Disarmament Commission of the League of Nations.

LEO BOYER'S FLIGHT DELAYED

Broken Propeller Means Ten Day Wait at Allion Field

The propeller of the monoplane of Leo Boyer of Deadwood, S. D. broke when the plane nosed into a ditch at Allion Field, near Omaha, Monday. Repairs on the plane had just been completed following an accident on the same field about three months ago.

It will be about ten days before the plane will be ready to leave as it is necessary to send to a propeller factory at Milwaukee to have a new propeller made.

RED CROSS TO PLAN WORK

Miss Allie Crews Will Aid Newly Organized Centralia Branch

Miss Allie Crews, county visiting teacher and executive secretary of the Boone County Chapter of the American Red Cross, left this morning for a conference with the newly organized Red Cross branch at Centralia.

Plans for the year's work will be made. The Centralia group will conduct both social and nursing programs, according to Miss Crews.

TARIFF BOUNTY PLAN IS BACKED BY DEMOCRATS

Minority Senate Group Rallies to Aid of Debenture

PARTY LINES TIGHTENED

Republican Senators Organize to Support Pres. Hoover

BULLETIN

WASHINGTON, April 25 (U.P.)—The debenture plan of farm relief opposed by President Hoover was defeated on a point of order in the House today.

WASHINGTON, April 25 (U.P.)—Senate Republicans and Democrats officially organized in conference today for a stiff fight over the debenture plan of farm relief while the House was working up to a vote on that and other features of the farm bill preparatory to passing the administration measure by night-fall.

Six Senate Republican leaders representing various groups decided in conference with President Hoover to stand with President Hoover and fight the debenture tariff bounty plan.

Down the hall from the Republican conference near the Senate chamber the Democrats held a rally for the debenture plan. While no official decision was reached, Senator Joseph T. Robinson, the minority floor leader, announced after the conference that many Democrats in attendance believed "the incorporation of the debenture plan will prove eminently helpful." His personal feeling was that its adoption is necessary.

The militant attitude of many of the Democrats in favor of the debenture plan was revealed in Robinson's statement which follows:

"The conference was called to discuss features of the farm bill. It contemplated that any attempt shall be made to pledge members of the conference to vote for any particular provision of the measure. Discussion in the conference disclosed that many senators believed that the incorporation of the debenture plan will prove eminently helpful."

The simultaneous conferences and the subsequent reopening of debate on the floor left no doubt that the debenture supporters are solidly behind the plan and put up a strong fight in the Senate than the administration anticipated. Administration forces, however, still were confident that they can defeat the plan with the slogan "Hoover will veto it and you will get it."

Attending the Republican conference were Watson, Reed of Pennsylvania, Borah of Idaho, Jones of Washington, Bingham of Connecticut, Edge of New Jersey, and Goff of West Virginia.

Watson and Borah are considered members of the Farm Bloc. The debenture proponents were not invited.

MAURICE LANGSTON DIES

M. U. Alumnus Succumbs to Injuries Received in Auto Accident

Maurice Langston died yesterday morning at the Epworth Hospital at Liberal, Kan., as a result of injuries received in an auto accident the night of April 17. He received his A. B. degree from the University in 1928.

He was returning from Guyton, Okla., when the accident occurred. He was passing a truck loaded with plow-beams near Liberal when an oncoming car evidently made him apply the brakes too suddenly to the Cadillac coupe he was driving. As the car skidded sideways one of the projecting beams struck him behind the right ear, fracturing his skull. He was immediately taken to the hospital at Liberal. He never fully regained consciousness before his death.

He is survived by his father, James B. Langston, of Texhoma, Okla. Langston was a member of Lambda Chi Alpha fraternity.

Columbians' Playground to Go With Erection of Bagnell Dam

The playground of many Columbians will be destroyed when the dam planned by the Union Electric Company of St. Louis is built at Bagnell in Camden County. The large lake created by the project will cover Arnold's Mill and the surrounding territory.

Arnold's is an abandoned mill to which farmers formerly came for grain, bringing their wheat to be ground. About five years ago a group of men converted it into a clubhouse, and now it is Arnold's Mill Fishing Club.

The mill, which is on the Nianqua River, is located about six miles from Linn Creek, the town which will be destroyed by the lake. A part of the old dam is left.

Twelve of the twenty members of the club are Columbians. They are Mayor W. J. Hetzler, Dr. M. G. Neale, F. F. Stephens, G. B. Sapp, Dr. E. Leonard, Dr. Stratton, J. M. Hughes, Dr. Edgar D. East, H. Dalton, R. E. Lucas, and F. A. Windsor and Warrensburg.

The clubhouse is a three-story frame structure. On the first floor is one large room, forty by forty feet, where a fireplace has been built. The second floor is curtained into rooms where there are beds for twenty persons. The third floor contains the lockers of the members and their families.

A concrete platform has been constructed along one side of the building as the floor of a porch, which will probably not be finished now that the place must be abandoned.

Arnold's Mill is about 100 miles from Columbia. One may reach it by way of Jefferson City and Bagnell, crossing the river on the ferry at Bagnell, or over Highway 50 through Booneville and Versailles. The scenery is very beautiful in that part of the state and much of it will be destroyed by the project.

F. A. Dukes is of the opinion that the fishing club built around Arnold's Mill will construct another clubhouse along the new lake shore when Arnold's Mill is gone.

There are also several other Columbians residents who spend their vacations in this district. J. W. Maxwell has a clubhouse not far from Arnold's, and Dr. D. O. Stine and B. W. Lucas have located their clubhouse above it. Miss Natalie Wilson of the physical education department of the University has a summer camp not far away. Many Columbia girls go there during the summer vacation.

Arnold's Mill is about 100 miles from Columbia. One may reach it by way of Jefferson City and Bagnell, crossing the river on the ferry at Bagnell, or over Highway 50 through Booneville and Versailles. The scenery is very beautiful in that part of the state and much of it will be destroyed by the project.

F. A. Dukes is of the opinion that the fishing club built around Arnold's Mill will construct another clubhouse along the new lake shore when Arnold's Mill is gone.

FLOOD DANGER INCREASED BY HEAVY RAINS

Missouri Above High Water Stage at Booneville

THOUSANDS HOMELESS

Hannibal District Bears Brunt of Mississippi Rise

ST. LOUIS, April 25 (U.P.)—Heavy recent rains in eastern Iowa and in central and northeastern Missouri have again aggravated flood conditions on the Mississippi and Missouri rivers, the United States Weather Bureau here reported today.

The Mississippi has risen 15 feet at St. Louis to 23.5 feet above flood stage of 14 feet. At Booneville the Mississippi here will reach 35 feet against a flood stage of 30 feet, it was predicted. South of there conditions will be relieved by normal conditions on the Ohio, it was said.

Missouri Is Above Flood Stage

While the Mississippi still was falling today at Quincy, Ill., and Hannibal, Mo., the territory which has borne the brunt of the present flood will again rise there beginning tonight, the bureau said.

Conditions on the Missouri from Booneville to the mouth will undergo a similar rise,
